Oil Pump Alignment Plate Ford, Jaguar, Land Rover, Rover, PSA Duratorq Diesel 2.0, 2.2, 2.4, 3.2

829107 - Oil Pump Alignment Plate

Description:
The 829107 Oil Pump Alignment Tool has been developed to allow the user to correctly align the engine oil pump in the sump after an engine rebuild etc. it is important that the pump be correctly and accurately aligned to ensure the oil pump sprocket is not operating with excessive side loads.

Components

| Ref | Comp | OEM | Description |
|-----|--------|---------------------------|--------------------------|
| A | 829107 | 303-705, 303-1093, 0198.H | Oil Pump Alignment Plate |

NOTE: The use of 829106 requires the use of additional engine locking and timing tools not supplied in this kit.

Instructions

The following instructions are for guidance only. Please refer to OEM derived data such as the vehicles manufactures own data or Autodata. The use of these engine timing tools is purely down to the user's discretion and Sonic cannot be held responsible for any damage caused what so ever.

INSTRUCTION:

- Remove engine sump
- Bolt alignment plate to the sump flange as shown
